Dear valued GLA Patient:

We are here to make your patient experience as positive as possible. As you know the West Los Angeles VA Medical Center (WLA) campus is located parallel to the 405 freeway and Metro/Caltrans has been working on the 405 freeway. We realize that at times due to the on-going 405 freeway construction (especially in the late evening) access to WLA is challenging. We want to assure you that we are **open** and will continue to provide health care services to you.

Los Angeles Ambulatory
Care Center
