

Concourse Federal Group, (Concourse) a CVE verified Service Disabled Veteran Owned Small Business, along with a team of subcontractors; Booz Allen Hamilton, CBRE, MEI Architects and the law firm of Stinson Leonard Street has been selected to assist the Department of Veterans Affairs (VA) Greater Los Angeles Healthcare System (GLAHS) implement the Draft Master Plan for the West Los Angeles campus. Concourse's commitment to VA and Veterans goes well beyond our paid engagements. We have made it a priority to better understand and meet the needs of Veterans through our support of the GI Film Festival, the Air Force Aid Society, which involves a number of community service and pro bono components and the firm actively recruits Veterans, who support VA and many other federal agencies as consultants.

Concourse has maintained a consistent track record of successfully completing projects for our federal clients that include DoD, GSA, FBI and VA through keen attention to detail and open and honest communication. We bring this same level of dedication, understanding and commitment to the West Los Angeles Draft Master Plan implementation. We bring proven technical approaches, program management, quality control processes, qualified staff, extensive implementation experience, and a history of high-performing engagements across VA to this important effort, including direct support to GLAHS. Our subject matter experts consist of seasoned professionals with unparalleled expertise in all aspects of Veterans healthcare and housing needs; federal, state and local real estate initiatives and transactions; finance experts with deep understanding of low income development financing, and environmental and historic subject matter experts with comprehensive knowledge of NEPA, CEQA and NHPA requirements.

With offices in Washington, DC and Los Angeles, Concourse and its principals has been engaged on over 90 federal projects across 32 states. Our experience includes management of 27 enhanced use lease (EUL) projects, 2 base realignment and closing (BRAC) projects, 2 property exchanges/military construction (MILCON) exchanges, portfolio management for the entire Department of the Navy, and 32 housing privatization and numerous federal consulting projects at the locations noted above. Concourse was created in 2009 and is led by Retired Air Force officer Geoff Perkins.

In January of 2016 VA Secretary Bob McDonald stated "The Master Plan is a roadmap for the development of VA's West Los Angeles Campus as a vibrant community where Veterans can receive housing, healthcare, benefits and other supportive services – with a specific focus on chronically homeless Veterans and other underserved Veteran populations. It is a true reflection of the power of a community coming together to do what is right for Veterans." Concourse is honored to be a member of the community coming together to support this important mission and is committed to its success.
